- [Check it enlarge](#)

### Features

- VIA Luke CoreFusion with 1.0 GHZ or 800/533 MHz .
- DDR SO-DIMM support up to 2.0 GB .
- VIA Luke and VT8237R
- 24-bit LVDS interface

#### Board Size

114 x 95 mm

#### CPU Type

Support VIA Luke CoreFusion processor with 1.0 GHz or 800/533 MHz .

#### Chipset

VIA Luke and VT8237R .

#### Memory Type

1 x 200-pin DDR SO-DIMM support up to 2.0 GB .

#### VGA Interface

Integrates UniChrome Pro IGP 2D/3D Graphics core .

#### LVDS Interface

24-bit Dual channel LVDS interface. Inverter connector onboard .

#### Enhanced IDE

UltraATA/100 IDE up to 2 ATAPI .

#### Series ATA

Integrated Series ATA/RAID controller facilities high-speed data transfer up to 150MB/s for each of 2 ports .

#### LAN Interface

10/100Mbps Ethernet port provide by VIA VT6103 .

**Audio**

VIA VT8237R built-in AC97 3D audio controller with ALC202A to support 2 channel audio.

**USB**

4 x Hi-Speed USB2.0 ports .

**I/O ports**

2 x RS232 , Parallel , IrDA , FDD , PS/2 keyboard/mouse .

**PCI**

Support PCI bus interface .

**Digital I/O**

Support 8-bit digital I/O .

**Watchdog**

256-level generates reset programmable watchdog timer .
